Pools	Heated Loungers
Hot Tubs	Vitality Tubs
SwimSpas®	Experience Showers
Yacht Spas	Ice Fountains
Water Features	Therapy Pools

Bradford thermal rooms transcend resort spas into reflections of the client's unique style, themes, and cultural influences. Bradford has enhanced the ancient Roman bathhouse tradition with state-of-the-art thermal rooms that include aromatherapy synchronized with lighting, sound, and aquatic "multi-sensory" experiences. Bradford thermal rooms are constructed with precision-cut stainless steel floors, walls, benches, and ceilings to endure the changing humidity and temperatures. The stainless steel rooms can be finished with our wide selection of materials. Our saunas are a traditional wood construction and exotic finish applied to a pre-established frame on-site. Bradford thermal rooms such as Laconiums, Hammams, and Tepidariums integrate fascinating cultural treatment styles into your spa to provide guests with unforgettable experiences.
