Hot Tubs	Thermal Rooms
SwimSpas®	VitalityTubs
Yacht Spas	Experience Showers
Water Features	Ice Fountains
Heated Loungers	Therapy Pools

■ Bradford gives the competition aquatic market a product that satisfies the need for a quality pool that can be quickly installed with precision expertise. We have improved upon well-established designs and employed new techniques developed in over 38 years as the leading manufacturer of stainless steel pools. Bradford delivers a pool that is designed and built using cutting-edge technology coupled with an attractive, low-maintenance, hard-wearing finish. Our competition pool is engineered to meet and exceed local and state codes as well as the rigorous standards of competitive swimming governing bodies such as the NCAA, FINA, and NFSHSA (National Federation of State High Schools Association). Installation time is greatly reduced compared to that of a typical concrete pool.
